

**Title: CONVERSION-  
FOCUSED LANDING  
PAGE**

**Name: Lathika K S**

**Internship Task 2**

# **1 Objective**

## **Goal:**

**To design a conversion-focused landing page for MealMate, a healthy meal planning application that helps users discover healthy recipes, plan meals, and manage their grocery lists.**

**The landing page is designed to clearly communicate the benefits of MealMate and encourage users to take action by signing up or getting started.**

## **2 Design Requirements**

**The landing page includes:**

**Hero section**

**Navigation bar**

**Call-to-action buttons**

**Feature section**

**Testimonials**

**Final CTA section**

**Footer**

**Desktop version**

**Mobile version**

**Consistent color palette**

**Typography system**

**Reusable UI components**

### **3. Landing Page Structure**

#### **A. Navigation Bar**

**Include:**

**MealMate logo**

**Home**

**Recipes**

**Meal Plan**

**About Us**

**Contact**

**Primary CTA:  
Get Started**

---

#### **B. Hero Section**

**Your current design already has this.**

**Heading:**

**> Healthy Meals, Made Simple.**

**Description:**

**> Discover healthy recipes, plan your meals, and organize your grocery list all in one place.**

**Buttons:**

**Get Started**

**Explore Recipes**

**Visual:**

**A healthy food/meal image.**

**Purpose:**

**To immediately explain what MealMate does and encourage the visitor to start using the application.**

## **4. Features Section**

### **Feature 1 — Healthy Recipes**

**> Discover delicious and healthy recipes that fit your lifestyle.**

### **Feature 2 — Meal Planning**

**> Plan your meals easily and stay organized throughout the week.**

### **Feature 3 — Smart Grocery List**

**> Automatically organize your ingredients and simplify grocery shopping.**

**The Icons used:**

**Chef hat → Recipes**

**Meal/calendar icon → Planning**

**Grocery cart → Grocery List**

## **5. Testimonials Section**

**Heading:**

**Loved by Thousands**

**Include 3 testimonial cards.**

**Example:**

— Sarah

> “I love how simple it is to find recipes and organize my meals.”

— Alex

> “The grocery list saves me so much time when shopping.”

▪

## **6. Final CTA Section**

**Heading:**

**Ready to Start Your Healthy Journey?**

**Supporting text:**

> **Join MealMate today and take the first step toward easier meal planning.**

**Button:**

**Get Started**

---

## **7. Footer**

**Include:**

**MealMate**

**Healthy meals made simple.**

**Then:**

**Quick Links**

**Home**

**Recipes**

**Meal Plan**

**About Us**

**Contact**

**Support**

**Help Center**

**Privacy Policy**

**Terms & Conditions**

**And optional social media icons.**

**---**

## **8. Color Palette**

### **Color Usage**

**Green Primary buttons, CTA, icons**

**Light Green Background/secondary elements**

**White Cards and backgrounds**

**Dark/Black Main text**

**Orange Accent elements**

### **Design reasoning:**

**> Green was selected as the primary color because it represents freshness, health, and natural food. Orange is used as an accent to add warmth and visual interest.**

## **9. Typography**

**Font: Poppins**

**Heading 1 – 32 px – Bold**

**Heading 2 – 24 px – SemiBold**

**Heading 3 – 20 px – SemiBold**

**Body – 16 px – Regular**

**Small text – 12–14 px**

---

## **10. Component Specifications**

**Buttons**

**Primary: Green background + dark text**

**Secondary: White/light background + border**

**Rounded corners**

## Feature Cards

## **13. Design Rationale**

.

**> The MealMate landing page was designed with a clean and health-focused visual style to communicate the purpose of the application quickly. Green was chosen as the primary color to represent health, freshness, and natural food. The hero section provides a clear introduction and prominent call-to-action buttons. Feature cards communicate the main benefits of MealMate, while testimonials help establish trust. A final CTA encourages users to begin their meal-planning journey. The layout was adapted for both desktop and mobile screens to maintain usability and consistency across devices.**

## **15. Deliverables**
